

## Boys Coaches

First congrats to all the sectional champions! I am sure with many of your seasons over you are beginning to plan your offseason. I would like to put on your radar a league for your middle school teams in June. When I coached we always had plenty of chances for our high school teams to play but not enough options for our middle school teams to play together. Attached is information regarding a school team summer league opportunity I am helping to organize for incoming 7th & 8th grade teams in Anderson in the month of June. Monday evenings will be girls night and Wednesdays will be for the boys. Most of the games will be played at Highland MS. Teams are guaranteed 2 games per night for a total of 8 games. Last year we had 25 teams between the boys and the girls. We would love to grow that number this summer. If you could pass along this info to your middle school coaches it would be appreciated. If you would like to reserve a spot please let me know.

Thanks!

Aaron Spaulding
