

Dear Indiana Basketball Coaches,

Jennings County High School is currently seeking a visionary and passionate leader to serve as our next **Head Boys Basketball Coach**. Located in North Vernon, Indiana, our 3A program has a proud tradition, strong community support, and an exciting future — and we're looking for the right person to guide it forward.

#### **What We're Looking For:**

- Proven coaching success at the high school or higher level
- Visionary leadership for a full K–12 basketball program
- Strong character and a passion for mentoring student-athletes
- Ability to build a culture of excellence on and off the court

#### **Why Jennings County?**

- Recent 3A Sectional Champions with a strong returning core (4 of 5 starters)
- Outstanding facilities, including multiple gyms, a remodeled weight room, Hudl camera system, and Noah Analytics system (coming Summer 2025)
- Strong youth travel program and deep community and alumni support
- New housing development across from campus — great for staff relocation
- Competitive compensation, with potential teaching openings based on licensure

Our goal is to find a coach who can unite youth, middle school, and varsity players under one vision — and build a program rooted in accountability, fundamentals, and growth. Please see the attached document for more information on the opening and program.

If you're ready to lead a community-backed program and leave a lasting legacy, we invite you to apply today.
